The Best Shipwreck
Diving In Michigan

Top picture: "Abyss Diver" 29' Chris Craft, can be moved to various sites.

Bottom picture: "Outfoxed" 32' Trojan, stays in Straits of Mackinaw.

Easy Going Environment

You won't feel rushed or pressured because we understand that you go diving to get away from the day-to-day pressures of life.

While we have to be understanding of time and schedule commitments to afternoon groups, our fast boats and experience allow us to offer you an easy going service in a loosely structured environment. If your group has chartered the boat for the day or weekend, we will seriously consider special requests.

Variety of Dive Sites

With two boats that operate in the Northern Lower Michigan areas and Whitefish Bay in Lake Superior, we can offer exceptional diving for all experience levels and interests. Standard trips extend to a maximum range of 15 miles from ports. At every area there are 10-15 sites within our standard range. Targeted charters can give your group access to many of the less visited dive sites.

Fast & Personal Boats

Our boats have twin 350 engines with plenty of horsepower to get you out and back in a timely manner. We know your objective is to dive and have fun. With Abyss Dive Charters you will spend less time riding, which will give you more time for diving or other activities the area has to offer.

When you dive with Abyss, it will feel like you were invited on a private charter with friends. Our goal is to make long term friendships with all our customers and to help them smile.

Flexible Price

Our pricing packages are designed to accommodate multiple budget and organizational needs. We offer standard, targeted, and training charters with discount incentives for pre-paying, as well as annual dive card programs for individuals.

Dive shop and club organizers benefit from our individual dive card programs. We offer dive shops a percentage for selling these cards. In addition, when annual card holders participate in a charter the overall cost is reduced
